## The Worst Possible Time

To Buy a Cemetery Lot Is When You Are FORCED To

Mentally, business details at such a time are distasteful, financially, on account of hospital's, physician's and undertaker's bills, it frequently makes a burden of what could otherwise be arranged conveniently enough.

Have you ever had the subject brought very close to you? Have you ever seen the family, facing an unexpected misfortune, grope hurriedly for a suitable location, and blindly choose something they afterward would rather not have had?

There is satisfaction in owning an unused plot; not only in seeing it enhance in value as time goes on, but in knowing that you have relieved others of a responsibility.

The price of each lot includes "PERPETUAL CARE." ROSE HILL PARK CEMETERY is PERPETUALLY PROTECTED by its charter from the State of Texas.

Its perfect upkeep and steady beautification are in marked contrast with the usual Country Cemetery, so often allowed to take care of itself after the lots have all been sold, and frequently subject to dangers and dissensions that we are absolutely protected against.

Those who are not prepared to pay for a lot in full will be accommodated with convenient terms.

Removals from nearby Cemeteries are made free of expense to purchasers of lot in ROSE HILL
